Camp Quality Northern Ontario

Volunteer Role: Medical Coordinator

About Camp Quality Northern Ontario

Camp Quality Northern Ontario is a volunteer driven non-profit charitable organization that provides free uplifting camp experiences for children affected by cancer and blood disorders and their families. We facilitate a 1-week overnight camp program at YMCA John Island Camp, near Spanish, Ontario. Camp Quality Canada (CQC) was brought to Canada in 1988, initiated by a group of dedicated volunteers in Southern Ontario. Since then, we've expanded to seven camp programs across Canada. Our overnight camp programs serve children 7-17 years of age.

The Role

The Medical Coordinator role is a volunteer position. This position reports to the Co-Camp Directors and National Medical Coordinator.

Role Overview

The Medical Coordinator will support the mission of Camp Quality by ensuring that all programs in their region follow all medical policies and procedures, and has a complete understanding of applicable camping standards (OCA, COCA). The Medical Coordinator reviews all camper and volunteer medical forms prior to camp, ensuring all documentation is received. They are in communication with families prior to camp about any health changes with their child(ren). At camp they oversee camper medical check-in/check-out, administering first aid, medicine administration and supporting the on-site nursing team. They are the lead for any medical emergency. They also support volunteer training, briefing volunteers on camper needs, hand washing, sun safety, preventing infectious disease and more. After camp, they submit all medical records immediately to the CQC Support Centre. They are supported by the Co-Camp Directors and National Medical Coordinator.

Duties and Responsibilities

- Review all camper and volunteer applications and support confirmation.
- Support the medical team in preparation for camp and ensuring a safe experience for all participants.
